Element #1 public input notes - 11/17 Steering Committee meeting

Town of Primrose Comprehensive Plan
Public Input Meeting 11-17-08
Issues and Opportunities

1. Keep township viable. Keep roads and keep income coming in that town needs. Sustain the town.
2. Try to increase and diversify the town government's income. (Beyond just taxes.)
3. One per 35 won't change rural character. Not everyone will use their densities. 8,000 non-ag acres that could have development.
4. Allow for "smart" development.
5. Protect sensitive environments.
6. Protect quality agricultural areas.
7. Respect property rights and zoning.
8. Allow for internet capabilities. Broadband access to promote economic development.
9. Promote alternate energy. (Wind, solar, geothermal)
10. Accommodate different sizes of farms, small, large.
11. Accommodate diversity of farming types and products.
12. Designate areas for walking, hiking trails.
13. Improve bike / pedestrian safety on town roads.
14. Provide quality living for aging population.
15. Provide for young farmers entering farming.
16. Encourage reinvestments and improvements on existing farms.
17. Promote economic opportunities for young people to stay in town.
18. Preserve agricultural buildings and maintain in good condition.
19. Encourage animal and current diversity of agriculture in the town.
20. Preserve scenic and rural character of town and structures.

.
